Let our team find suppliers for you, for free! The prices of 500-watt solar panels can vary significantly depending on the manufacturer, technology used and location of production. FOB Prices range from \$0.25 to \$0.35 per watt. Main markets: The biggest markets for 500-watt solar panels are the residential, commercial and industrial sectors.

Are 500 watt solar panels bigger?

500-watt solar panels are bigger than your average solar panel. Typically made up of 144 half-cut monocrystalline cells, their large size makes 500-watt solar panels more commonly seen in commercial, ground-mounted, and utility solar projects. For residential solar projects, is bigger always better? That's not necessarily the case.

Where are 500 watt solar panels made?

The majority of 500-watt solar panel manufacturers are based in China, with a few other notable manufacturers based in the USA, Europe and South Korea. 500-watt solar panels are suitable for a wide range of applications, including residential and commercial rooftop systems, ground-mounted systems, and solar power stations.

What are the dimensions of a 500W solar panel?

The dimensions of a 72-cell 500W solar panel are around 39" x 77" and 96-cell panels are approximately 41.5" x 62.5". 500W solar panel price hinges upon the brand. Obviously, you can expect them to be a bit more expensive than more popular panels due to their high power.

Can a 500 W solar panel fit a residential roof?

The large footprint of 500 W solar panels makes them harder to fit into the nooks and crannies of a residential roof. It's usually possible to build a solar power system capable of more maximum power by using smaller solar panels, which are easier to arrange and lay out.

Are 500 watt solar panels bifacial?

For most 500-watt solar panels, to achieve their wattage rating they make the panel bifacial. Bifacial solar panels are double-sided, meaning they can capture sunlight and turn it into electricity from both sides. Bifacial panels are only practical for ground-mount or utility-scale solar installs.
