In AEG Power Solutions' case, the company underwent a financial restructuring in the middle of this year which appears to have yielded positive results for its balance sheet. The newly inaugurated prototype system, ...

Since last night, 100% of the homes in St. Barthélemy have been restored with electricity. The solutions implemented to increase the power generation of the power plant and to limit consumption have allowed since July 11, 2023 at 21:00 to power the entire island: the five groups of the power plant produce a little more than 16 MW.

Our Uninterruptible Power Solutions (UPS) protect against mains power issues to ensure safe operation, protect people and reduce the risk of downtime and system failures. From oil and gas and transportation to utilities, nuclear power and other critical infrastructure, we provide rugged, fully reliable electrical power back-up solutions that ...
