Does American Samoa have a veterinary clinic?

The communities of American Samoa are served by one veterinarian clinic. COVID-19 has brought unprecedented challenges for all of us around the world, and the veterinary clinic is no exception.

Where are dinovite products made?

Dinovite was a family-owned business since 2001. All their products are made in Crittenden, Kentucky, and all products come with 100% USA-based ingredients. However, they were acquired by Manna Pro Products in December of 2020.

How do I adopt a stray animal in Samoa?

Animals available for adoption are advertised on APS Facebook Page (search for 'APS Samoa'). People wanting to adopt an animal can call APS Clinic at any time on 22403. If no animals are available at the time, your name can be added to the waiting list. Looking after and feeding stray and abandoned animals is costly.

Is dinovite good for a picky eater?

What makes Dinovite unique is that they come from whole foods. That means they're easier for your pet to eat and digest, and that's the goal. And it couldn't be easier to serve! Just add a scoop to every meal your pet eats and watch them eat it up! Dinovite Is Great For Picky Eaters! Do you have a picky eater?

Does dinovite offer food toppers & liquid boosters?

Dinovite also offers Meal Toppers and Liquid Boosters to help even the pickiest eater feel like they're getting a treat with every meal. With their toppers, you can offer your pet a boost with 100% freeze-dried protein. This will help them have a balanced meat-to-carb ratio.
