

Does Laos have a solar power plant?

In addition to hydropower, Laos has also been exploring other renewable energy sources, such as solar and biomass. The country's first large-scale solar power plant, with a capacity of 10 MW, was commissioned in 2018, and several other solar projects are currently under development.

How much power will Laos have?

Of this amount, 77.59 percent will come from hydropower and the rest will come from solar, wind and coal-fired power plants, said the report. Laos' capacity for solar power is expected to range from 10,000 MW to 15,000 MW, while wind power potential is estimated at about 100,000 MW, according to the report. ?

How is Laos promoting hydropower development?

The Lao government has been actively promoting hydropower development, both for domestic consumption and for export to neighboring countries, such as Thailand, Vietnam, and Cambodia. In addition to hydropower, Laos has also been exploring other renewable energy sources, such as solar and biomass.

Is Laos a power hub?

As part of the Greater Mekong Subregion (GMS) and the Association of Southeast Asian Nations (ASEAN) Power Grid, Laos has been actively participating in cross-border power trade and interconnection projects. The country's strategic location, combined with its abundant hydropower resources, makes it an ideal hub for regional power trade.

Why is solar energy important in Laos?

Laos is undergoing rapid socio-economic changes and the provision of sufficient energy is an important factor in the response to continuing development. "Given recent advances in solar energy in Laos, it has become clear that more and more local and foreign businesses are interested in investing in this field," Daovong said.

How much hydropower does Lao have?

Currently, the country has around 6,000 MW of installed hydropower capacity, with plans to increase this to 14,000 MW by 2030. The Lao government has been actively promoting hydropower development, both for domestic consumption and for export to neighboring countries, such as Thailand, Vietnam, and Cambodia.
