

(AN-LPB-N) Long service life over 8 years Modular design, small size, and lightweight With one key switch machine, the operation is more convenient Suitable for long-term charge and discharge cycles Adopt multi-level energy consumption management Multiple parallel machines, automatic address acquisition without manual operation

This LPB-R series rack lifepo4 lithium battery combines high reliability, long life and high performance. It uses lithium iron phosphate positive electrode, supports large current charging and discharging, is equipped with advanced BMS system to enhance performance and has multiple protection functions.
