

What is the French Southern Territories?

The territory is sometimes referred to as the French Southern Lands (French: Terres australes françaises) or the French Southern Territories, usually to emphasize non-recognition of French sovereignty over Adélie Land as part of the Antarctic Treaty System. The entire territory has no known permanently settled inhabitants.

What are the French Southern & Antarctic Lands?

The French Southern and Antarctic Lands are an overseas territory of France that consist of the following: Adélie Land (Terre Adélie): This is the French claim on the continent of Antarctica. Crozet Islands (Îles Crozet): A group of islands in the southern Indian Ocean, located south of Madagascar.

Why are the French Southern & Antarctic Lands subject to an original form of governance?

These characteristics explain why these territories are subject to an original form of governance. The French Southern and Antarctic Lands include uninhabited territories in the Indian and Southern Oceans. Image: TAAF

What is the French Southern Territories nature reserve?

In 2006, the French Southern Territories Nature Reserve was created around the Crozet archipelago and the Kerguelen, Saint-Paul and Amsterdam islands. This reserve, which by 2022 will cover an area of 1.6 million km², is one of the largest marine protected areas in the world and has been a UNESCO World Heritage Site since 2019.

Where is Terre Adélie based?

Terre Adélie, the Antarctic sector claimed by France, is supplied by L'Astrolabe, which sails out of Hobart in Tasmania. Regarding maritime activity, the territory maintains a merchant marine fleet totaling (as of 1999) 2,892,911 GRT/5,165,713 tonnes deadweight (DWT).

How is Terre Adélie different from other TAAFs?

Here too, the case of Terre Adélie is different from that of the other TAAFs. Its specific environment is protected by a special legal framework, as it is subject to the regulations of the 1959 Antarctic Treaty, in particular the Madrid Protocol and its six annexes.
