

Anker powerhouse 767 Turkmenistan

Is the Anker 767 a good power station?

Overall the Anker 767 is one of the most impressive power stations I've tested, with super fast charging, a very powerful inverter, a long lasting battery with a huge capacity and useful extra features like the accompanying app, and the clever carry options.

How many USB ports does Anker powerhouse 767 have?

2300W to Power 10 Devices: 3 AC ports with a wattage of up to 2300W, 3 USB-C charging ports, 2 USB-A ports, and 2 car outlets power almost all your devices at once. 5-Year Full-Device Warranty: Instead of the average 2 years, Anker PowerHouse 767 is designed to reliably power your devices every day for 10 years.

Does the Anker powerhouse 767 have a Smart AC plug feature?

Again this will vary with ambient temperature. The Anker PowerHouse 767 has a clever Smart AC Plug feature which will turn off the AC subsystem after 15 minutes if it detects nothing is plugged in, even with the power saving mode disabled.

How long does Anker powerhouse 767 last?

5-Year Full-Device Warranty: Instead of the average 2 years, Anker PowerHouse 767 is designed to reliably power your devices every day for 10 years. Additionally, it offers a superior 5-year full-device warranty for a guaranteed, worry-free experience.

How much power does the ANK ER 767 have?

As mentioned above, the Anker 767 offers 2048Wh of expandable capacity. This is a very decent amount, and means that it will run a 50W camping cool box for around 36 hours - just enough for a weekend's camping without any form of additional available power (solar, 12V or mains).

What makes the Anker 767 different?

However, the Anker 767 has a number of innovations up its sleeve which differentiates it from the above products: Gallium Nitride electronics for ultrafast and efficient charging - this power pack charges insanely fast from the mains. A great integrated telescopic handle and wheels to enable easy transport - we love this.
