

Approved solar Bermuda

Who pays for solar energy in Bermuda?

The Bermuda Electric Light Company Ltd (Belco) has been ordered to pay for all solar energy put into its system by those with solar panels. Those who have been putting electricity into the energy grid without being reimbursed will receive backdated payments.

How can solar panels be used in Bermuda?

Deploy solar panels in discrete locations to meet Bermuda Government and satisfy listed building planning regulations. Optimize available ground space and create economies of scale while effectively addressing aesthetic considerations. Construct a dedicated facility designed for solar installation that doubles as a shade provider or carport.

Will Bermuda alternate energy install 210 solar panels on Laffan Street?

Bermuda Alternative Energy is expected to install 210 solar panels on the roof of the City of Hamilton's works depot on Laffan Street. The panels will cover an area of approximately 3,785 sq ft. Roof fittings have been put in place, and the panels are expected to be attached during the coming weeks.

Is Bermuda a suitable location for solar energy?

Bermuda is a suitable location for solar energy in several ways. Approximately 10,000 rooftops in Bermuda (out of a total of about 36,000 rooftops) are good candidates for rooftop solar because they face south and are not obstructed by trees or other buildings.

Is solar PV a mature generation technology in Bermuda?

According to the SEA, solar PV in Bermuda, including commercial installations, accounts for only around 3 per cent to 4 per cent of the total peak demand. By no means can it be regarded as a mature generation technology in Bermuda, representing a significant portion of the total electricity demand.

Who is Bermuda Engineering Company Limited?

Bermuda Engineering Company Limited was founded in 1935 by Gordon Hamilton Burland, a Bermudian renewable energy pioneer and engineer. Back then, he built the first clean energy microgrid in Bermuda and demonstrated bold energy leadership for his time. In 2010 the company was reinvigorated and has been operating as BE Solar since.
