

Australia solar lighting system

Specialisation: Orca Solar Lighting is a specialist commercial outdoor lighting company, focusing exclusively on solar lighting since 2007. Australian-designed products: All of Orca's Solar Lighting systems are designed and developed in Australia, ensuring they ...

Without Solar Whiz Lights, these rooms may be illuminated using regular LED solutions. These lights may serve their purpose, but they lack the natural daylighting feel that our lights provide. Solar Whiz Lights may not provide real, direct sunlight to lower-storey or internal rooms, but they have been carefully designed to mimic the colour and warmth of daylight.

It is a vital factor that affects the pricing of solar garden lights. Most solar lights on the supermarket shelves and big box stores have IP55 level of Ingress Rating. As a result, they are cheaper than the high-quality solar lights from reliable brands like SunShare Solar Australia.
