How will Daystar power become Africa's leading solar power provider?

Daystar Power plans to increase its installed solar capacity to 400MW by 2025 to become one of Africa's leading providers of solar power solutions for commercial and industrial businesses. The company will operate as a wholly owned subsidiary of Shell under its existing brand within Shell's Renewables & Energy Solutions business.

Does Daystar offer solar and gas power in Nigeria?

Currently, Daystar provides solar and fossil fuel power in a hybrid setup, and energy storage in the form of batteries and gas generators, but it is looking to expand its offerings with Shell's support. "Now with Shell, we have a strong partner to offer solar and gas solutions in the market. Nigeria needs much more power."
