

Average solar panel cost Brazil

How much does solar energy cost in Brazil?

The average monthly electricity bill for a house in Brazil is R\$500, while the cost of installing solar energy on the roof is around R\$15,000, according to the price simulation table of the concessionaire Portal Solar. Due to the significant drop in module prices, the payback period for users has been significantly shortened.

How much solar power does Brazil have?

As of the end of March, Brazil's cumulative installed PV capacity had reached 41GW, of which 13GW were utility-scale PV projects and 28GW were distributed PV. Over the past decade, Brazil's solar power generation has shown phenomenal growth.

How much does PV cost in Brazil?

In Brazil's regulated electricity market, the price of PV has fallen from more than US\$100 per MWh in 2013 to US\$32 in 2022, and even just over US\$20 at its lowest point in 2019. Photovoltaic power and wind power are one of the lowest-cost power generation technologies available.

Should you buy solar panels in Brazil?

If you opt for the most efficient solar panel brands, you'll end up paying more upfront than if you opted for the most affordable panels. On the other hand, more efficient panels could save you more in the long run on your power bills. Additionally, add-on products, such as solar batteries, can bring your total well above the Brazil average.

How many rooftop PV systems are installed in Brazil?

To date, 2.3 million rooftop PV systems have been installed in Brazil, with the potential to install more than 90 million rooftop PV systems. In 2023, Brazil added more than 10GW of PV capacity, with a cumulative installed capacity of more than 37GW, making it the fourth largest in the world, behind China, the United States and India.

Does Brazil have a solar system?

The pace of deployment of PV systems in Brazil is staggering, with 70% of them rooftops, exceeding 1GW per month, and doubling the installed capacity of rooftop systems every two years. Brazil is blessed with solar radiation resources and has become one of the pioneers in the development of renewable energy in South America.
