When will Azerbaijan's 230 MW Garadagh solar plant be built?

The groundbreaking follows Masdar's completion of the 230MW Garadagh solar plant in October 2023, Azerbaijan's first foreign investment-based independent solar power project, and the largest solar plant in the region.

Why should Azerbaijan invest in solar & wind projects?

Today's groundbreaking of Masdar's and SOCAR's jointly developed solar and wind projects represents a significant milestone in Azerbaijan's energy journey. These initiatives underscore our commitment to diversify our energy sources and advance our sustainable development goals.

Why is Azerbaijan a key strategic market for Masdar?

Azerbaijan is a key strategic market for Masdar. With this groundbreaking of 1GW wind and solar projects, in partnership with SOCAR, we take a significant step forward in realizing our ambitious plan to develop up to 10GW of clean energy by 2030 in Azerbaijan.
