Who is Ballard Power Systems?

Commencement of a joint program between Ballard, General Motors and the US Department of Energy for the development of a fuel cell powered passenger vehicle. Development of a 5 kW fuel cell stack. Ballard Power Systems Inc. is incorporated in British Columbia, Canada. Development of the first Ballard fuel cell stack operating on pressurized air.

Who is Ballard fuel cell company?

Ballard becomes the first fuel cell company to power buses for more than 10 million cumulative kilometers of revenue service. Strategic partnership formed with Zhongshan Broad-Ocean Motor Co., Ltd. of China. Formation of a joint venture with Guangdong Nation-Synergy Hydrogen Power Technology Co. Ltd to produce fuel cell stacks in China.

Why should you choose Ballard's fuel cell power products?

Benefitting from our vertical integration - ranging from Membrane Electrode Assembly (MEA), bipolar plates and stack design to complete system integration - Ballard's fuel cell power products deliver proven durability, reliability, and high power density with the lowest total cost of ownership. Explore our fuel cell products.

Is Ballard a stock?

Ballard listed on the Nasdaq Stock Market. Ballard fuel cell stack achieved a power density of 700 watts per kilogram. First fuel cell bus presented by Ballard in Vancouver, Canada. Collaboration agreement between Ballard and Daimler-Benz for the joint development of a compact, high power density fuel cell stack.

What did Ballard do for a living?

Ballard signs a long-term engineering services contract to advance Volkswagen AG fuel cell automotive research program. Acquisition of Dantherm Power (DK) which became Ballard Power Systems Europe. Deployment of 20 Ballard-powered fuel cell buses in Whistler, BC in conjunction with the 2010 Winter Olympics and Paralympic Games.

What is Ballard's strategic partnership with Zhongshan broad-ocean Motor Company?

Strategic partnership formed with Zhongshan Broad-Ocean Motor Co., Ltd. of China with an equity investment of \$28.3M. Launch of Ballard's 7th generation FCveloCity™-HD module for motive applications. Ballard signs a long-term engineering services contract to advance Volkswagen AG fuel cell automotive research program.
