

What does the republican unitary enterprise Belarusian nuclear power plant do?

In accordance with Presidential Decree No. 583 of December 2013, the Republican Unitary Enterprise Belarusian Nuclear Power Plant performs the functions of holder and operating organisation for commissioning, operations, performance control, lifetime extension and decommissioning of the Belarusian NPP.

How did Belarus simplify its grid connection rules?

Belarus simplified its grid connection rules through the Decree on Grid Connection (August 2014) to allow for the connection of small private generators. Regulatory functions in the gas sector are the responsibility of the president. Tariffs

Will ENTSO-E improve the reliability of Belarus's energy system?

The strategic plans of the Baltic States' and Ukraine's energy systems to join the European Network of Transmission System Operators for Electricity (ENTSO-E) energy system have reduced the external connections - and thus the reliability - of Belarus's energy system.
