Where are Hestia solar panels made?

With full automatic lines, Hestia manufactures various types of high quality solar panels from our production bases in Germany and Asia. Every piece of Hestia solar panel will meet our German technology standards in respect of quality.

Why should you choose Hestia solar panels?

Every piece of Hestia solar panel will meet our German technology standards in respect of quality. We choose top certified materials suppliers to ensure our panels meet the standards required in Europe. 30 years output warranty can be a good highlight for solar systems investment. Worldwide Distributors 2GW Solar Module Capacity

Will Belize Electricity compensate you for excess solar energy?

The hope is that through regulations, Belize Electricity Ltd will have to compensate you for excess solar energy flowing to the grid during the day and off-set it against the electricity you are drawing from the grid at night; however, the reality today is the opposite.

What does the Belize Chamber do?

Founded in 1920, the Chamber has been consistently championing the causes of its private sector constituency and considers among its primary objectives the social and economic development of Belize through the development of all sectors of industry, commerce and services.
