

Bess prices Thailand

Does Thailand have a Bess market?

Thailand has a low BESS market attractiveness, ranking fourth on the BMAI score. Through a pilot project, The Electricity Generating Authority of Thailand--a state-owned electricity generation authority in Thailand--operated a BESS in the Mae Hong Son, Chaiphum, and Lopburi regions, which have a high share of renewable energy .

Can Bess create business opportunities in Thailand?

Watcharin Boonyarit, director of solar energy development at the Department of Alternative Energy Development and Efficiency, noted the potential for BESS to create business opportunities as Thailand transitions to renewable power sources. "We should not only import BESS but also consider new investment projects in this battery business."

Where is Bess based?

China-headquartered Sungrow provided the BESS units for this project in Texas, US. Image: Revolution BESS / Spearmint Energy. After coming down last year, the cost of containerised BESS solutions for US-based buyers will come down a further 18% in 2024, Clean Energy Associates (CEA) said.

Where is Bess distributed in Southeast Asia?

BESS are expected to be distributed throughout Southeast Asia, mainly in Thailand, Vietnam, Malaysia, Indonesia, and the Philippines. Accordingly, the research scope of this study was narrowed down to these five countries. 2.1. Indonesia

How much does Bess cost?

Suttichai Premrudeepreechacharn from Chiang Mai University's Faculty of Engineering highlighted the expected drop in BESS production costs, which could fall below US\$100 per kilowatt-hour from the current nearly US\$200 per kilowatt-hour.

What are the opportunities for Bess market in Southeast Asia?

The BESS market is nascent, with an insignificant market size, and there needs to be more specific regulations and supporting policies for BESS. However, growing the renewable energy industry and power sector to meet increasing electricity demand and economic growth will open BESS market opportunities in Southeast Asia.

Thailand has a low BESS market attractiveness, ranking fourth on the BMAI score. Through a pilot project, The Electricity Generating Authority of Thailand--a state-owned electricity generation authority in Thailand--operated a BESS in the Mae Hong Son, Chaiphum, and Lopburi regions, which have a high share of renewable energy [42].
