

Bluetti solar home system Gibraltar

What is bluetti solar +?

BLUETTI Solar + is an innovative and cost-effective solution for integrating both solar and battery systems into your home at a price comparable to what our competitors charge for solar alone. We understand that the key to unlocking substantial long-term savings with solar lies in the effective combination of solar panels and battery storage.

Is bluetti solar + suitable for apartments or condos?

BLUETTI Solar + is ideal for houses that receive direct sunlight. Unfortunately, it's not suitable for apartments or condos. The system's compatibility also depends on the specific conditions of your roof. For more detailed information and to determine if your home is a good fit, we recommend consulting with our energy experts.

Why should you invest in a bluetti solar generator?

" Extreme weather and an aging power grid result in frequent power outages across the U.S. each year. Equipping your home with a BLUETTI solar generator will have you prepared - without increasing your carbon footprint.

What does a bluetti site technician do?

A BLUETTI site technician will review the design and handle the permitting and paperwork with the city. We'll let you know when everything is good to go. The installation takes about a day. Once completed, we'll schedule the city inspection. We work with your utility to get everything connected.
