

Unless they're parked in front of the TV, children can be balls of energy. And for the kids who are really active -- like the ones who have Attention Deficit Hyperactivity Disorder (ADHD) -- sitting still for long stretches is so much harder, making it difficult to focus in class. That's why Scott Ertl, a school counselor at Ward Elementary School in North Carolina, came ...

Croatia's National Energy Strategy 2009-2020 has three basic objectives: increase security of energy supply, develop competitive energy system and ensure sustainable energy sector development. These objectives are particularly important for the count

Solar panels on a house in Croatia. UPDATED: 10.9.2024. Only 50% of Croatia's energy originates from its own sources. In reality, Croatia does not need to import energy as it has many natural sources that could be used instead, such as ...
