1964 Expedition. Because of its location, weather researchers have long thought it a great place to put a weather tower. On 2 April 1964, the Royal Navy's Antarctic ice vessel HMS Protector was sent to the island to investigate a new area of the land created by lava flow ten years prior to the expedition.Lieutenant Commander Allan Crawford and his team ...

Damen Shipyards Group has acquired the world's first maritime-certified, multi-purpose battery container, Skoonbox, from Skoon Energy in order to lower emissions.. The 20ft container will be used for the delivery of renewable power at Damen's own yards for applications where diesel generators or the engines of ships are currently used.

Skoon Energy B.V. (Skoon) is a scale-up company with the mission to accelerate the energy transition by setting up a network of versatile swappable batteries, to share, rent and lease. The focus of Skoon is to build a trusted community marketplace for businesses to offer, discover, and book energy storage for mobile and/or temporary applications.
