At Bramble we help develop energy management systems tailored to the size and the needs of your organisation. We make sure that just as the world advances towards energy-saving culture and technology; our clients' energy resources are managed and optimized.

Bramble is accelerating global decarbonisation and creating viable clean energy technology, with the PCB-X(TM) platform. PCB-X(TM) delivers carbon-neutral energy with unlimited applications. Our technology is low-cost, globally scalable and has immediate uses in ...

Power the hydrogen economy with PCB electrolyzers. Bramble's electrolyzers break down barriers to production. By harnessing manufacturing processes from the electronics industry, we produce high performance, very low-cost and massively scalable solutions.

HEIDI has received £6.3m funding via the Advanced Propulsion Centre, matched by industry to £12.7m Bramble Energy's innovative, low-cost printed circuit board fuel cell (PCBFCTM) technology will power an all-new hydrogen double-deck bus Revolutionary printed circuit board fuel cell stacks provide a viable route for hydrogen as they can be ...

Bramble Energy has 5 employees at their 1 location, \$6.53 m in total funding, and £4.28 k in annual revenue in FY 2022. ... Product. Solutions. Partners. Resources. Company. ... Revenue. £4.3 K. FY, 2022. Bramble Energy Summary. Company Summary. Overview. Bramble Energy is a company that manufactures renewable energy-generating technologies ...

Bramble Energy is pleased to announce its latest development in its platform of PCBFC(TM) products. To address the market needs across a variety of use cases Bramble Energy has focused on developing technology which variously targets the lowest possible cost and the highest possible performance metrics. Bramble's PCBFC(TM) technology now delivers four ...

June 19, 2024: Bramble Energy - in partnership with Equipmake, Aeristech, and the University of Bath - has reached a significant milestone in the Hydrogen Electric Integrated Drivetrain Initiative (HEIDI) project, funded by the Advanced Propulsion Centre UK as part of the Automotive Transformation Fund. A project expected to save nearly 6 million tonnes of [...]

Careers at Bramble; ... Let's get started. Simply fill out the form and we'll get right back to you. Bramble Energy Atrium Court Tilgate Business Park Brighton Road Crawley, RH11 9BP. getintouch@brambleenergy.com. Solutions. PCB-X ...

Who is Bramble? Bramble was founded with one simple purpose - to help the world achieve Net Zero. We are an impassioned team, rewiring an industry to make clean energy technology accessible and scalable. By leveraging already viable production methods, we are rapidly paving the way for a world powered by clean energy.

Bramble Energy Resources Inc | 265 followers on LinkedIn. Inspiring Smarter Energy | WHO WE ARE
Bramble Energy is an integrated energy solutions company adept at helping organizations maximize their profits by providing them with cost-effective energy supply and utilization solutions that are most optimized for their needs. Ingrained within our company culture is efficiency, and ...

Bramble Energy is an innovator of renewable energy technologies; designing and manufacture high-performance, low-cost, fuel cell stacks using printed circuit board (PCB) materials and processes. ... Kenya Liberia Madagascar ... McDaniel & Associates Consultants Ltd. Merlin Energy Resources; Merlin ERD; Middle-East Consulting Group (MCG ...

Resources. 09.05.24. ... Furthermore, the process has seen the company prove its low cost production roadmap to \$100/kW at 2,000 x 50 kW stacks/year (100 MW/year)*. ... About Bramble Energy. Bramble Energy is powering a Net Zero world - today - and is proving to be a real game changer in solving key challenges in the production of hydrogen ...

Principal Accountabilities. Day to day ownership of all accounts including bank, accounts receivable, accounts payable; reconciling bank accounts to ensure accuracy and resolve discrepancies and ensuring timely payment of invoices to suppliers.; Management of Procurement process/P2P and AP function; with the support of the Accounts Assistant, oversee the end-to ...

Bramble Energy is a leading technology company specializing in the development and commercialization of innovative hydrogen fuel cell solutions. Leveraging its unique and patented printed circuit board (PCB) fuel cell technology, Bramble Energy aims to revolutionize the fuel cell industry by providing cost-effective, scalable, and easily ...

Bramble Energy is pleased to announce a new partnership with BOC Ltd (a part of the Linde Group) and TCP Ltd, to develop portable, hydrogen fuel cell powered LED lighting towers. The 20 W hydrogen fuelled light towers will launch late in 2018. Bramble Energy Ltd () is a spin out fuel cell company from Imperial College and UCL.
