

Brunei integra infrastructure

Does Brunei have a transport and logistics infrastructure problem?

A series of reports earlier this decade identified deficiencies in Brunei's transport and logistics infrastructure chain, which were seen as holding back economic development and diversification.

How good is Brunei's infrastructure?

Though the study found that road infrastructure had slipped slightly down the ratings, dropping to 35th overall, the quality of Brunei's port infrastructure had pushed it up to 49th globally, while for aviation the climb was nearly as marked, rising to 55th.

Is Brunei a competitive country?

In addition, the World Economic Forum (WEF) ranked Brunei 57th out of 144 countries for the standard of its ports, 61st in terms of the competitiveness of its air services infrastructure in its "Global Competitiveness Report 2012-13".
