

Bulgaria enertech global

What is Enertech global?

Enertech Global builds high-quality heat pumps and distributes solar PV and other energy-efficient products. Our mission is to make energy independence accessible through innovative products, exceptional quality, and world-class support that endures long after installation.

Who is Enertech?

To us, it's not just business. We're family. Enertech, Inc., the original company, was founded in 1996 by Steve and Karen Smith as a geothermal heat pump distributor. They were inspired to develop a better workplace for their employees while focusing on creating the best service for their dealers.

Why should you choose Enertech global?

In achieving these goals, Enertech Global puts its customers in a distinctive position to meet the needs of their customers and enhance the profitability of their business. Enertech is a company with family values and beliefs. As such, we are committed to the following: We don't succeed unless our partners do.

Why should you partner with Enertech?

Learn more about partnering with Enertech to experience how we provide energy-efficient products and services. Enertech Global builds and distributes the highest quality geothermal and solar products. Experience the difference, with family values and service at our core.

Is Enertech ISO 9001 certified?

As a demonstration to these commitments, Enertech is certified to ISO 9001, ISO 14001, and ISO 45001. Throughout the years, we've experienced phenomenal growth and delivered award-winning product innovations. In 2011, we took on a new investor in NIBE Industrier AB, the 8,000 employee strong European company.
