

After more than a quarter century of rule under an authoritarian president, Burkina Faso elected a new president in 2015. The election, considered free and fair, ushered in an era of optimism for the country (Harsch 2016). Yet Burkina Faso faces steep challenges. The country has experienced a wave of terrorist incidents in recent years; following a series of attacks, its prime ...

Background PV/diesel microgrids are getting more popular in rural areas of sub-Saharan Africa, where the national grid is often unavailable. Most of the time, for economic purposes, these hybrid PV/diesel power plants in rural areas do not include any storage system. This is the case in the Bilgo village in Burkina Faso, where a PV/diesel microgrid without any ...

Details. LOGR-S is NRG Systems' first data logger designed specifically for the solar energy industry. Based on decades of data logger development and manufacturing experience, LOGR-S features the same user-friendliness that has come to define NRG's data logger line, while satisfying the increasing demand for reliable, high-quality solar resource measurements on ...
