Fluence is enabling the global clean energy transition with market-leading energy storage products and services, and digital applications for renewables and storage. In January 2018, Siemens and AES launched Fluence, uniting the scale, experience, breadth, and financial Read More Is this data correct? View contact profiles from Fluence Energy

Who owns fluence energy?

ARLINGTON, Va., January 11, 2018 - Fluence Energy, LLC ("Fluence"), an energy storage technology and services company jointly owned by Siemens and The AES Corporation ("AES"), announced the receipt of all government approvals and authorizations and the launch of business operations on January 1, 2018.

How does Fluence work with Siemens?

This new partnership provides Fluence with a global sales presence in 160 countries from a trusted supplier to thousands of utilities, power developers and large commercial customers, while giving Siemens access to the most proven and widely deployed grid storage technology platforms.

What is Fluence's commitment to environmental stewardship?

Fluence has a longstanding commitment to environmental stewardship. From establishing an ISO 14001 certification program to developing a cutting-edge circular economy framework and supply chain for our products and components, we are committed to continuously advancing our environmental performance.

What is Fluence responsible sourcing?

We maintain a rigorous system of supplier selection, engagement, education, assessments, and auditing to achieve supply-base integrity and the high standards we expect at Fluence. The Fluence responsible sourcing mission is to proactively leverage opportunities and inherently mitigate risks in our supply chain.

Does Fluence perform preventative and reactive maintenance?

Fluence performs all preventative and reactive maintenance. This level includes comprehensive performance guarantees, system testing, and equipment warranties. Fluence trains your team to operate the energy storage system and perform preventative maintenance, with the option to include limited performance guarantees.
