Since Karachi is situated at a latitude of around 24.9 degrees, the recommended tilt angle for solar panels in Karachi would be approximately 24.9 degrees. What is the best tilt angle for solar panels in Peshawar? The optimal tilt angle for solar panels in Peshawar would be 34 degrees. You can go 10 degree plus-minus to optimize energy ...

Solar is an investment unlike a car. First of all solar, connected to net metering can reduce the electricity bills significantly which is how you recover the cost of solar (and you can recover that initial cost within 2-4 years depending on the electricity price increase). Also electricity prices will keep going up especially in Pak.
