What makes eogb so special?

EOGB is constantly working to research and develop revolutionary new technology - we have recently unveiled our Sapphire Ultra Low NOx, Domestic Oil Boiler which features a fully modulating operation and blue flame. Above everything, EOGB are passionate about providing the best service for you.

The revolutionary ultra low NOx burner not only satisfies the 2018 required standards set by the Energy Related Products (ERP) Directive, but also meets lower 2022 requirements well ahead of time. The fully modulating burner delivers the best in energy efficiency and carbon emission reduction of any domestic oil burner on the market today.
