Who is Caterpillar Energy Solutions?

As part of the Caterpillar Inc., Caterpillar Energy Solutions today has a leading position in the field of highly efficient, ecologically advanced distributed energy solutions. Thus, the company serves its customers around the globe as a reliable partner for proven and sustained added value in the implementation of power plant projects.

What is the Caterpillar Energy Solutions service portal?

The Caterpillar Energy Solutions service portal is available to our customers around the clock to deliver customized support and ensure rapid spare parts supply. We thus guarantee tailored solutions, reduced downtimes and, as a result, superior profitability of the plant.

Is Caterpillar Energy Solutions ISO 9001 certified?

All Caterpillar Energy Solutions locations are certified according to ISO 9001:2015. For us, the implementation of relevant directives is not merely something that is "nice to have", but an essential requirement of our customers.

Does caterpillar have a cyber security policy?

With its Cyber Security measures for Digital Solutions, Caterpillar Energy Solutions provides plant operators with secure remote monitoring of and remote access to their cogeneration power plant. At the same time, they are protected against unauthorized digital access and hacker attacks.

What is mwmenergy - Caterpillar Energy Solutions?

At the same time, they are protected against unauthorized digital access and hacker attacks. With its newly launched website [mwmenergy.lat](http://mwmenergy.lat), Caterpillar Energy Solutions offers customers a target group-specific offering for the Latin American energy market under the MWM brand.

Why should you choose Caterpillar Energy Solutions?

Our consistent quality management guarantees products with lasting high levels of efficiency and ease of operation, in adherence with the highest environmental standards. The Caterpillar Energy Solutions service portal is available to our customers around the clock to deliver customized support and ensure rapid spare parts supply.

The upcoming trials stem from more than two years of alliance between BHP and Caterpillar, focused on sustainable energy transfer solutions. These trials will validate the technology in BHP's iron ore and copper businesses, including the CAT 793 fleet at Jumblebar and the CAT 798 fleet at Escondida.
