CUC offices on North Sound Road (CNS): The Cayman Renewable Energy Association (CREA) and CUC have welcomed the recent publication and Cabinet's acceptance of the new National Energy Policy and its target of getting Cayman to a 100% renewable energy supply by 2045. After years of disputes, both parties have offered their support to the...

The typical cost of the Powerwall 2 in the UK, supplied and installed, is about £9,000 + VAT. That is for both the Powerwall battery itself, plus the new Backup Gateway mentioned above. Battery installations in the UK generally attract VAT at 20%. So the total cost to the residential purchaser would be £10,800 inc. VAT @ 20%.
