

Cheapest solar companies Zambia

Are there solar companies in Zambia?

The solar sector in Zambia hosts a variety of solar companies, operating in several business segments. These businesses vary from Solar Home Systems to utility scale developers. There are also international companies active in Zambia, mainly in the utility scale sector. Most offices of the companies in Zambia are located in Lusaka.

Who is World Solar Solutions Zambia?

At World Solar Solutions Zambia, we are committed to delivering innovative and sustainable solar energy solutions. Founded with the vision of transforming Zambia's energy landscape, our mission is to provide reliable, affordable, and environmentally friendly solar power to homes, businesses, and industries across the country.

Why should you choose a solar company in Zambia?

We are a growing enterprise with an innovative approach to increasing access to affordable solar technology within Zambia. As a business, we follow a clean environmentally friendly approach to maximise our positive social and environmental impact. Within our organisation, we encourage a friendly and professional work environment.

Why should you invest in a photovoltaic system in Zambia?

Zambia provides optimal conditions for photovoltaic (PV) with average irradiation rates of 5.5 kWh/m²·h. To harvest that huge source of energy we provide a wide range of photovoltaic solutions for the residential, business and social sector. In general, PV systems can be divided into on-grid and off-grid systems.

Why should you choose a solar pump system in Zambia?

Zambia has one of the biggest water resources in Sub-Saharan Africa and our solar pump systems will enable you to access those resources at any place. Either for residential use, irrigation of farm land or industrial applications, solar pumps will ensure an independent water supply at your location.

Who offers pay-as-you-go home systems in Zambia?

Vitalite offers pay-as-you-go home systems throughout Zambia. They do this with modern mobile technology and aim to help low-income households. Aurora Power Solutions operates across Sub Saharan Africa focusing on solar power. They mainly provide their services in South Africa, but will start a project in Zambia soon.
