

# China signature solar reviews

Are signature solar panels in good condition?

Signature Solar listed them as being in "great condition". As you can see in the pictures, they were in no such condition. In regards to the integrity of the panels, I'm not an expert, so I have no idea what sort of problems the cracks on the backside can cause.

Are Chinese solar panels cheaper?

China produces around 80% of all solar panels, so like any product, there are cheaper offerings from less well-known companies. The key is making sure you choose a great solar installation company who can offer you excellent service and products, including the best Chinese solar panels. There's more to learn about Chinese solar panels, so read on!

Why did you buy solar panels from signature solar?

The only reason I bought the panels from Signature Solar was because Santan Solar was out of stock at the time. From the photos it looks like the backsheet has excessively weathered. In my opinion that isn't necessarily going to lead to failure from moisture intrusion.

How do I contact signaturesolar?

If you have any questions or concerns, you're welcome to reach out to us at [engagement@signaturesolar.com](mailto:engagement@signaturesolar.com)! This company is great! Made the whole process easy with the sales support! 100/10 would recommend. Date of experience: July 08, 2024

How did China benefit from solar power?

China alone now accounts for nearly a third of global solar module demand; much of it used for mega-sized solar power plants and even giant floating solar farms. Second, China benefited (and continues to benefit) from its huge manufacturing base and low production costs.

Do used solar panels undergo inspection before being sold?

I reached out to Signature Solar, provided images, and asked them if the used panels undergo any inspection before being sold. This was the response I received: As far as the used panels go, they are supposed to undergo inspection before they are palletized and sent to us.

I built my whole solar system around using the 5000 ES, and Signature Solar claim to be the only people to sell the US model (which I need). Anyway, I hope my experience helps improve the customer service at Signature Solar.

Signature Solar will not agree to replace or allow me to send it back without 40% restocking fee and pay shipping on 150 lbs. It will cost me almost half of what I already put out without any guarantee to give back the rest.

## China signature solar reviews

China produces around 80% of all solar panels, so like any product, there are cheaper offerings from less well-known companies. The key is making sure you choose a great solar installation company who can offer you excellent service and products, ...

Our mystery shop revealed that Signature Solar provides a generally positive customer experience, with knowledgeable, helpful, and reasonably friendly staff, especially when it comes to tech support. While there ...

Signature Solar has 16 reviews with an overall consumer score of 4.3 out of 5.0. Signature Solar reviews and Signaturesolar customer ratings for November 2024. Signature Solar is a very popular solar power store which competes against other solar electricity stores like SunPower, Renogy and Palmetto.

I must say I am disappointed in signature solar's billing long before shipping policy. I have a 6500ex that i ordered December 2022. I have been using it for a year. I decided this past December to buy an inverter generator for the winter gray days as a backup. Then I ordered a chargeverter from signature solar.

Signature Solar has 16 reviews with an overall consumer score of 4.3 out of 5.0. Signature Solar reviews and Signaturesolar customer ratings for November 2024. Signature Solar is a ...

Here is a my run down of my signature solar experiences. I ordered roughly 17k worth of solar panels and batteries from them last march. The order was straight forward, shipment took place shortly after I placed the order.
