

Chint Group Solar Power Generation Project

How much electricity does Chint's Astronergy project generate?

It was built with around 1.4 million glass-glass monocrystalline solar modules with a power output of 450 W each provided by Chint's Astronergy unit. The project combines PV power and fish farming to make better use of the available space in the sea, according to Chint. The plant can generate around 650 million kWh of electricity each year.

Where is Chint solar power plant located?

The facility covers an area of approximately 4,933,333.3 square meters on a beach in the Oufei Enclosed Area, South Zhejiang Industrial Cluster. It was built with around 1.4 million glass-glass monocrystalline solar modules with a power output of 450 W each provided by Chint's Astronergy unit.

Where is China's largest solar project located?

Built by the Chint Group, the project is currently the largest in China combining PV power generation and fish farming. It is located in Wenzhou, a city with a subtropical maritime monsoon climate in China's Zhejiang province. The 550 MW solar plant. Image: Chint Group

Recently, the first batch of 51.5MW PV power plants in Poland, invested by the China-Central and Eastern Europe Fund and contracted by CHINT Solar, has been successfully connected to the ...

Chinese power transmission and distribution equipment supplier Chint Group is building a 550-megawatt solar power plant to be deployed on a fish pond in Wenzhou, a city in China's Zhejiang Province with a subtropical ...

Centralized PV Offshore PV Distributed Generation Overseas Projects. ... started its business in the solar project development, construction, operation, and services. ... Relying on the unremitting efforts of CHINT Group in the power ...

With installation of 523.1MW Astronergy PV modules, the first phase of the world's largest hydro-solar power plant - Kela solar power plant, also the world's highest power station of its kind, ...

Relying on the unremitting efforts of CHINT Group in the power energy sector over the past 40 years and taking full advantages of the entire electrical industry chain, CHINT SOLAR has emerged as an important influencer in the ...

A New Milestone of Astronergy---- Wenzhou Taihan 550MWp Aquaculture-PV Complementary Solar Plant Connected to Power Grid at Full Capacity????? ... connected to power grid in ...
