

A Unique Segment. When it comes to energy management, the public sector is quite unique within the range of energy consumers. Industrial facilities have a clear demand for lowering energy spending which is often the largest ...

SATEC Powerful Solutions España, Enertronic S.A. es el actual distribuidor oficial de SATEC Powerful Solutions en España desde el año 2017. Acceda a la completa gama de analizadores de redes que SATEC Powerful Solutions España puede ofrecerle, una gama amplia de soluciones en medida de parámetros eléctricos, calidad de suministro, analizadores de redes, ...

SATEC's Energy Saving solutions help reduce costs and enhance efficiency. Discover tools for energy monitoring, maintenance, and More! ... This is where SATEC offers a full monitoring solution, enabling the optimization of industrial processes, HVAC spending in commercial and public facilities and many other consumption channels, common to all ...

Power Supply Unit may be self-energized from voltage inputs OR by AUX. power supply module Self-energized Three or single-phase operation from any phase Nominal voltage 120/208 - 277/480V AC (L-N/L-L) Input range 70-561V AC 50/60 Hz Burden for 277V < 17 VA AUX power supply module Withstanding Insulation 4kV AC @ 1mn AC/DC Power Supply L/+, N ...

SATEC was one of the first companies to pioneer this field, introducing one of the very first digital power meters, and ever since SATEC has made its priority to lead and innovate. For over 35 years now, prominent global utilities and industrial leaders have made SATEC their go-to choice, for both off-the-shelf and bespoke solutions, for ...

The SATEC PM180 is more than just a power meter--it is a comprehensive solution designed for the smart grid. It integrates IEC 61850 functionality, Fast Transient Monitoring, Bay Controller functionality, and Phasor Measurement Unit (PMU) options, making it an all-encompassing device for power quality analysis and substation automation.

SATEC Distributer in the United Kingdom, UK, Great Britain - Power Meters & Energy Management Systems. Telephone: E-mail: +44-(0151)-909-2333 sales@satec-uk support@satec-uk . Home Page; Products. ... SATEC Solutions . Generation. Display & report precise measurements; Save on maintenance costs: migrate from calendar to condition ...

SATEC is a global leader in the research, development and manufacturing of energy management solutions. With three decades of rich experience in energy management, their team has the technological expertise to deliver flexible solutions for customer applications worldwide. Power Instruments for Customer Applications

Our software packages complete our product line, offering a total solution for your power system. SATEC's on-line service, eXpertpower, collects, archives and analyses energy and power quality data. eXpertpower allows multiple users to ...

Our software packages complete our product line, offering a total solution for your power system. SATEC's on-line service, eXpertpower, collects, archives and analyses energy and power quality data. eXpertpower allows multiple users to view data, create automated billing, produce sophisticated reports and implement energy.

SATEC is dedicated to delivering advanced metering solutions tailored to the specific needs of renewable power systems. From solar farms and wind energy to battery storage facilities, our solutions enable the reliable and efficient integration of renewable energy into the grid.. SATEC Distributer in the United Kingdom, UK, Great Britain - Power Meters, Power Quality Analyzers, ...

Satec Powerfull Solutions SI en Alcala de Henares Madrid. Conozca el teléfono de contacto, dirección, NIF y más información de Satec Powerfull Solutions SI ... SATEC Powerful Solutions España. The PM130. Utilizing shunt resistors, the PM130 offers a basic cost-effective DC metering solution, suitable for retrofit installation in facilities where the shunts are already in place.This is the case quite often in the telecom market.

Power: True RMS volts, amps, power, power factor, neutral current, angles and unbalance for voltage and current, frequency, symmetrical components and many more; Event and parameter data-logging; Sampling frequency: up to 1024* samples per cycle; KYZ or KY output and LED indication for calibration and test (via optional display)

A Unique Segment. When it comes to energy management, the public sector is quite unique within the range of energy consumers. Industrial facilities have a clear demand for lowering energy spending which is often the largest production expense, clearly impacting the cost of production and profitability.

SATEC is a developer and manufacturer of specialty solutions for power measurement and power quality monitoring. The company's range of products includes traditional 3-phase power meters for real-time power measurement and data-logging, revenue meters (electricity meters), power quality analyzers and a software suite for energy management and billing. With headquarters in Jerusalem, Israel and subsidiaries in Union, New Jersey and in PRC, SATE...
