

Croatia solid power battery

Will ie-energy build the biggest battery system in southeastern Europe?

IE-Energy is planning to build a battery system of 50 MW, which means it would be the biggest in Southeastern Europe. The European Commission has approved, under the European Union's aid rules, a EUR 19.8 million Croatian aid measure in favor of energy storage operator IE-Energy.

Will ie-energy accelerate the decarbonization of Croatia's energy sector?

In addition, it will accelerate the decarbonization of the Croatian energy sector, according to the announcement. IE-Energy is based in Rijeka, Croatia's fourth-largest city. It joined the intraday and day-ahead markets at the Croatian Power Exchange (CROPEX) last year. Documents reveal the project is scheduled to start on December 1.

Who makes solid power batteries?

Solid Power has extensive partnerships with both BMW and Ford to jointly develop all-solid-state batteries.

Who is solid power?

From the outside, Solid Power is an industry-leading developer of all-solid-state battery cells. From the inside, we are a collection of individuals with a shared passion and purpose in revolutionizing energy storage and enabling future e-mobility.

Who owns solid power?

The company was initially funded by prominent investors including Hyundai, Volta Energy Technologies, Umicore, Sanoh, A123 Systems and Solvay. From the outside, Solid Power is an industry-leading developer of all-solid-state battery cells.
