

Crystal plus battery Jordan

Does crystal plus pod kit have adjustable airflow?

Besides, the Crystal Plus Pod Kit offers an adjustable airflow system, allowing vapers to customize their draws. Whether you prefer a tighter, more restricted inhale or a looser, airier puff, the adjustable airflow provides the flexibility to tailor the vaping experience to your preference.

Is Ske crystal plus eco-friendly?

With a built-in 400mAh battery and USB-C fast charging, the SKE Crystal Plus ensures minimal downtime between vaping sessions, reducing both environmental impact and financial costs. It's an eco-friendly and budget-conscious choice for vapers who want to reduce their carbon footprint while enjoying high-quality vape sessions.

Is Ske crystal plus a good pod kit?

Regarding aesthetics, the SKE Crystal Plus Pod Kit doesn't disappoint. Its stainless steel and PTCG frame offer durability and visual appeal, giving it a sleek, modern look that grabs attention. The transparent body enhances its style while serving a functional purpose, letting users easily check e-liquid levels and avoid dry hits.

ABOUT THE SKE CRYSTAL PLUS POD DEVICE BATTERY This compact and stylish SKE Crystal Plus Pod Device Battery is designed for use with all SKE Crystal Plus Pods and is available in 5 exceptional colour options. The battery ...

The SKE Crystal Plus is good to go straight out of the box. I checked this by plugging the USB cable in. The White LED flashed briefly then stopped, indicating a fully charged battery. Onto battery performance - it held up very well. I was blissfully unaware it was coming to the end of its charge cycle when I got the dreaded flashing white LED.

For a kit containing the Crystal Plus device and 2 prefilled pods you can expect to pay around £9.99. For a pack of 2 prefilled pods the average price seems to be £5.99, with plenty of deals available if you buy a higher quantity! This makes the Crystal Plus a fairly economical way to vape.
