

As a new company with a fresh perspective, we aim to redefine the energy landscape. Our vision is to lead the way in energy diversity by providing our clients with a comprehensive suite of services that cater to their specific energy needs. We believe in a future where energy is both reliable and sustainable.

A significant step towards sustainable production methods. The inspection, certification, ship classification and engineering consultancy multinational, RINA, has awarded Kindon New Energy Technology (Jiangsu) Co., Ltd. the Approval in Principle (AiP) for its innovative green methanol offshore production platform solution.
