

Cyprus shelly 3em solar

What is Shelly pro 3em?

Shelly Pro 3EM provides real-time information about the efficiency of the solar and wind energy system, as well as historical data on how much energy has been generated and consumed every minute for the past 60 days. This helps you control the energy flow, getting the most out of your solar panels and wind turbines.

How accurate is Shelly pro 3em?

With active energy measurement accuracy of 1%, Shelly Pro 3EM can be used to monitor the consumption of any home appliances, electric circuits, and office equipment individually. It features 60 days of on-device historical data with a 1-minute resolution for each phase.

Why should you use Shelly 3em?

In case you have solar panels or wind turbines, you can be aware how much energy was produced and make saving effortless. With Shelly 3EM, you can view the quality of your electricity network regarding active power, reactive power, voltage, and power factor.

Does Shelly pro 3em support Modbus?

Shelly Pro 3EM brings support for MODBUS for voltage, current, power, and energies. You can accurately sample your energy usage and instantaneous values of voltage, current, and power. Our new firmware platform allows for custom implementation that can report as fast as every 100ms to your infrastructure 2-way energy consumption monitoring.

Does Shelly pro 3em support MTLs?

Shelly Pro 3EM supports mTLS for MQTT, HTTP, and secure outbound WebSockets. Its industry-grade security allows for direct connections to your cloud infrastructure, reducing the cost of deploying complex networks and VPNs. Shelly Pro 3EM brings support for MODBUS for voltage, current, power, and energies.

What is a Shelly 1pm mini Gen3?

Introducing the Shelly 1PM Mini Gen3 - the ultimate smart home companion! This compact device is designed to make your life easier and more convenient. With its easy installation process, you can effortlessly control your lights, appliances, and more from anywhere using your smartphone.

Ich habe im Sicherungskasten einen Shelly Pro 3EM und ein Shelly Pro 1PM. Ich habe eine Solaranlage und einen Akku den ich bei Überschuss Strom laden möchte. Das heisst mein Shelly Pro 3EM zeigt mir mit Minus Anzeige an wenn ich zu viel Strom habe.

With Shelly 3EM, you can monitor the consumption of each circuit, appliance, or of your whole home to optimize energy usage. In case you have solar panels or wind turbines, you can be aware how much energy was produced and make saving effortless.

Cyprus shelly 3em solar
