Africa Finance Corporation (AFC), the leading infrastructure solutions provider in Africa, has announced a USD 63 million strategic investment to construct and operate a 60MW wind project in the Ghoubet area, near Lake Assal in the small African nation of Djibouti. AFC has made this investment as lead developer together with Great Horn Investment Holdings (GHIH) ...

The governments of Ethiopia and Djibouti have signed framework agreements for a 1.55bn, 550km pipeline to transport diesel, gasoline and jet fuel. The agreements were signed with Mining, Oil & Gas Services (MOGS), part of South Africa's Royal Bafokeng Holdings, and Blackstone Group-backed Black Rhino Group. Financial close is expected in 2016, with ...

"We decided to aim to transition to 100% renewable energy by 2035," said Yonis Ali Guedi, Minister of Energy and Natural Resources. ... Chairman of Great Horn Investment Holdings, the domestic investor, which is ...

Djibouti's Energy Ministry last week signed a deal with Ethiopia for the construction of a 767km gas pipeline between Ethiopia's eastern Ogadem Basin and an export terminal on the Red Sea. According to Djibouti's Energy Minister, Yonis Ali Guedi: "It is the most expensive project ever built in the Horn of Africa region."

"This project will help to facilitate a clean energy shift in Djibouti by providing sustainable energy and reducing the reliance on domestic thermal power production and power imports. The project, with thanks to our fellow consortium partners, is now positioned to assist the Government of Djibouti in meeting its ambitious emissions reduction ...
