When did Power Pack II move to the Dominican Republic?

POWER PACK II, the 2d Brigade (-) of the 82d Airborne Division, was alerted on 28 April and ordered to move to the Dominican Republic on 1 May. The force contained two airborne battalions and supporting elements with a total of 2,276 men.

Why did the US send troops to the Dominican Republic?

When civil strife broke out in the Dominican Republic in April 1965, the United States decided to dispatch troops to protect American lives and to prevent a possible Castro-type takeover by Communist elements.

Did communist agents participate in the Dominican revolt?

The Dominican revolt. A list of supposed Communist agents actively participating in the revolt was compiled by the CIA on short notice to silence critics on this point, but the list contained so many errors—duplicate names, the names of dead people, people out of the country or in jail—that it only fueled the controversy and brought down LBJ's

Dominican Republic This profile provides a snapshot of the energy landscape of the Dominican Republic, a Caribbean nation that shares the island of Hispaniola with Haiti to the west.
