

How will a new solar plant help Macedonia?

Andi Aranitasi, EBRD Head of North Macedonia, said: "The new solar plant will help the country, which faces severe air pollution from coal, to reduce its reliance on ageing coal-fired infrastructure. It will also generate cheap electricity in times of very high market prices.

Who built the first solar plant in North Macedonia?

The 10MW solar plant, built on the site of the spent Oslomej lignite coal mine, was constructed by the public company JSC Elektrani na Severna Makedonija (ESM). This is the company's first solar plant in North Macedonia, developed with a view to diversifying energy sources and supporting decarbonisation.

Who is Dura Automotive Systems?

About DURA Automotive Systems DURA Automotive Systems is a global automotive supplier specializing in the design, engineering, and manufacturing of solutions that drive the evolution of mobility.

Is North Macedonia a good place to invest in green energy?

Dimitar Kovačevski, Prime Minister of North Macedonia: "It is really a great pleasure to be here today, where once a big environmental polluter was located and now we are producing green energy. The benefits of this investment are manifold.

Where is the largest photovoltaic plant in the Western Balkans?

Mey Energy completed a 55 MW photovoltaic facility in Novaci in North Macedonia. It is currently the largest in the region. The Western Balkans are slow in the deployment of solar power, but the list of utility-scale photovoltaic units is gradually becoming bigger.

Which country has the largest solar power plant in Bosnia & Herzegovina?

Right after a 45 MW facility in Bosnia and Herzegovina entered a trial phase, North Macedonia again became the country with the largest one in the region. Mey Energy said it finished its 55 MW solar power plant in the municipality of Novaci, in the heart of the country's coal industry. The system was built next to the Suvodol open pit.

Cornerstone laying ceremony of the new initial investment worth EUR18 million for the construction of manufacturing site in the Skopje Free Trade Zone 2 of the US company DURA Automotive Systems was held Monday. The company anticipates a summer 2019 launch for the modern 16,000 m² facility. The new site will employ approximately 500 employees ... DURA ...
