

What makes ecobat a sustainable company?

At Ecobat, our operations are centered around sustainable processes and practices for the safe, effective handling of each of our resources to increase supply of raw materials back into battery production, no matter the chemistry. Transforming resources to power a more connected, sustainable world.

Did ecobat sell ZIMCO group in South Africa?

November 8, 2023: Ecobat has sold its Zimco Group businesses in South Africa including lead manufacturing, recycling and chemicals firms to AutoX.

Who is ecobat battery Benelux?

Ecobat Battery Benelux is part of Europe's largest independent importer of batteries, and distributes a wide variety of the biggest brands, with a permanent stock of more than 100,000 batteries. This facility's excellent logistics enables them to offer optimum service.

Why did ecobat sell ZIMCO batteries?

Ecobat CEO Marcus Randolph said the Zimco sale would allow the group to focus on its "core business" of battery recycling in North America and Europe. AutoX produces a range of lead batteries including the Willard brand for all vehicle types and supplies LFP batteries for various applications.
