EcoStruxure Microgrid Advisor Software-as-a-service for your site's energy performance. Part of EcoStruxure. EcoStruxure Microgrid Advisor is a cloud based, demand-side energy management software platform that collects, forecasts, and automatically optimizes DER operations.

EcoStruxure Microgrid Advisor gives the end-user a better control and forecasting of their energy profile. Help them cut on their energy bills by optimizing the usage. Language of Microgrid ...

The popularity of microgrids is growing rapidly, especially for use in island and remote electrification, critical sites, and other diverse applications. Key to local green energy production, microgrids are facilitating the development of renewable solutions. This panel discussion will address investment, development, R& D, and implementation factors ...
