

Ekt battery Turkmenistan

Who is EKT batteries?

EKT is a leading lithium battery manufacturer for solution providers, original equipment manufacturers, and end users. Our over 10 years of experience and expertise in lithium batteries means we have the experience needed to manufacture quality batteries. We back all our products with a comprehensive service guarantee.

Who is EKT (EIKTO) lithium battery?

We Power Your Business ! EKT (EIKTO) Lithium battery is world's largest manufacturer of Lithium Battery for Material Handling Equipment. We are the official supplier of top OEMs, also, is a pioneer to bring a cost-effective Lithium battery solution for global market. Our product ranges from 24V, 36V, 48V, 72V until 80V.

What makes EKT a good battery company?

EKT has a state-of-the-art manufacturing facility and R&D center to ensure that our lithium batteries, lithium battery modules, and lithium battery systems are always of the highest quality during development, manufacturing, and testing.

Who is EKT traction lithium-ion battery?

EKT is the only traction lithium-ion battery industry supplier that provides end-to-end solutions, from cells to modules to complete systems. We have more than 600 experienced engineers, product developers, and technicians dedicated to manufacturing high-safety standards and reliable products for our customers.

Why should you choose EKT as your lithium-ion battery supplier?

Choose EKT as your lithium-ion battery supplier, you will get world-class facilities and R&D centers, a wide range of solutions and a fast-response service team. The length is ingeniously designed, and the internal resistance range is appropriate, which is conducive to high power output. Fully Laser Welding for robustness and anti-vibration.

How long does EKT take to fix a battery problem?

EKT's responsive service team and network are committed to resolving your problems within 48 hours. EKT can offer cloud-based service thanks to the implementation of telematics and a mobile phone APP (Lithium Partner). When it comes to the components, you can precisely check each battery system's details from the EKT database.

EIKTO Battery showcases its standardized pioneering products at the Double Carbon Industry Development Forum. Apr 29, 2023 04-29 2023. EIKTO's fourth-generation lithium battery module shines at Battery Japan in Tokyo. Mar 17, 2023 03-17 2023.

Therefore, aluminum shell battery cell has also become the mainstream battery for automobiles, energy

Ekt battery Turkmenistan

storage, forklifts, ships, etc. cell. EKT is a professional supplier of square aluminum shell battery cells. We have a high-quality aluminum shell supply system chain and leading aluminum shell welding and leak testing equipment.

Thanks for choosing EKT product! About EKT With annual capacity of 2 Giga KWH, EKT is leading manufacturer of industrial Lithium battery. EKT's fully automatic facility and cutting-edge R& D center can ensure your product is carefully developed, manufactured and tested. Our mission is to power your business with green energy.

The test indicates that after 4000 cycles, the EKT battery system remains at 70% capacity. In contrast, even the best lead-Acid battery is only good for 1000-1500 cycles. Convenience. Quick Charging & Opportunity Charging offer great value to customers and enhance the operational efficiency to the next level.

EKT's 24V and 48V Marine Battery is specially designed for leisure boats. IP67 Standard, Water-Proof, Rust-Proof, Shock-Proof for all-weather application, with CCS certified Lithium Cell and Module. It is compatible with all on-board electric motor, with communication or without communication.

Perfil da empresa EIKTO A EKT é um fornecedor global de novas aplicações de energia. A empresa é especializada em pesquisa e desenvolvimento, produção e vendas de baterias de íon de lítio para veículos industriais, baterias de íons ...

Como EKT BATTERY, temos o prazer de compartilhar com vocês nossos vídeos de exposição, incluindo os momentos mais divertidos e emocionantes do nosso Komatek 2024! Como EKT BATTERY, participamos ativamente no mercado internacional e fornecemos nossas soluções inovadoras de baterias de íon de lítio para diversas partes do mundo. Através desta ...

At EKT Battery, we specialize in advanced lithium-ion batteries and HF charger solutions designed for material handling equipment, floor scrubbers, aerial platforms, and golf carts. With a strong commitment to safety, longevity, and sustainability, we deliver high-performance products that are shaping the future of power solutions. ...

FastCharge 51.2V Marine Battery system EKT. FastCharge EKT is a front to end manufacture. From producing lithium cells, lithium modules, and lithium battery systems. FastCharge's EKT is a world-class facility and cutting-edge R& D centre who guarantees products are carefully developed manufactured and tested. Download Spec Sheet Request Quote

EKT Battery, which has been the largest supplier for Lithium Traction Batteries, has recently celebrated its 20000th battery delivery. However, as a major player in the APAC region, EKT was still absent from the European market during the past years. In 2020, EKT and TUV joined forces in order to meet the European standard for industrial battery safety.

48V Motive Battery Eikto 48V Battery Packs are the industry's most affordable and reliable motive power solutions while providing today's highest battery pack technology and performance. get a quote Bluetooth APP For MobileAndroid Bluetooth APP For MobileIOS 48V Motive Battery The 48V motive battery is a lithium-ion battery used in electric vehicles and other high-performance ...

The EKT battery is specially designed to fit lithium-ion electric vehicles, and provides excellent safety and energy density while maintaining the same form factor as a regular lead-based battery. ? High-capacity, high-performance lithium-ion battery technology ? High Security ? Lightweight, excellent performance, and long life ? ...
