

Energysys emea Kyrgyzstan

What does EnerSys do?

EnerSys is a stored energy systems and technology provider for industrial applications. The company manufactures reserve power and motive power batteries, battery chargers, power equipment, battery accessories and outdoor equipment enclosure systems.

Who is EnerSys?

We complement our extensive line of Motive Power and Energy Systems with a full range of integrated services and systems. With sales and service locations throughout the world, EnerSys is committed to offering customers the highest quality and most innovative energy systems available.

What types of batteries does EnerSys sell?

EnerSys is the global leader in batteries, chargers and accessories for motive, reserve, aerospace and defense applications. Industrial batteries. Forklift batteries.

Who makes EnerSys batteries?

EnerSys and its predecessor companies have manufactured industrial batteries for over 100 years. The current company was formed in late 2000 by acquiring the reserve and motive power battery businesses in North and South America of Yuasa Corporation (Japan).

Who is the CEO of EnerSys?

The president and CEO as of 2024 is David M. Shaffer. EnerSys produces reserve power batteries, marketed and sold principally under the Alpha, PowerSafe, DataSafe, Hawker, Genesis, ODYSSEY and CYCLON brands.

When did EnerSys acquire Yuasa?

EnerSys, in 2000, acquired Yuasa's industrial division. The Hawker Group merged with EnerSys in 2002. In 2002 EnerSys acquired Energy Storage Products Group of Invensys for \$505 million. Acquired in 2011 in the United Kingdom. Acquired in March 2011 they made Lead and Nickel based batteries for motive and reserve power markets in Greece.
