

Everexceed solar panel Sudan

What is the EverExceed EverGEN Solar ESS?

The EverExceed EverGEN Solar ESS is a complete solar energy storage system that integrates a solar hybrid inverter, long life LiFePO₄ battery, monitoring module, and power distribution. EverExceed's newly upgraded version features an innovative stackable design, saving more than 50% installed time and making expansion easier.

What is everexceed solar LiFePO₄ battery system?

The EverExceed solar LiFePO₄ battery system is a specialized battery system optimized for PV applications, primarily used for the energy storage battery of Photovoltaic systems. It features advanced intelligent lithium battery management technology for automatic management.

Where is everexceed located?

Section A, Floor 19, Senhainuo Kechuang Building, DeZheng Road No.5, Shilong Community, Shiyan, Bao'an District, Shenzhen, China. As a high-tech enterprise and specialized & sophisticated SMEs, EverExceed focuses on the R&D, production and marketing of energy storage systems, renewable energy and lithium batteries, etc for energy storage systems.

Who is everexceed?

EverExceed is dedicated to be a global leading provider of energy storage system with 20+ years battery manufacturing experience. Our goal is to offer "Safer, Smarter, Simpler" BESS, lithium batteries and all-in-one ESS for residential, commercial & industrial energy storage systems. EverExceed brand was successfully registered in 2004.

How many countries has everexceed been registered?

EverExceed brand was successfully registered in 2004. Furthermore, EverExceed brand has been successfully registered in more than 80 countries. At the same time, we actively explore the market globally and our products were sold well in more than 100 countries.

EverExceed is a global leading provider of energy storage system with 20+ years battery manufacturing experience; we can offer Safer, Smarter, Simpler battery energy storage system (lithium battery/lead acid battery) and solar systems. We have self-owned factory with advanced production lines to manufacture batteries and assemble all in one energy storage systems for ...
