A ENERGY STAR qualified amplifier - The XPA 1002 is an ENERGY STAR qualified amplifier and energy efficient product that conserves energy and reduces costs. A Professional grade signal-to-noise and THD+N performance - The XPA 1002 delivers professional grade performance. The XPA 1002 4 ohm / 8 ohm models feature 105 dB signal-to-noise

Colm O'Neill and our Sustainable Futures team explain what could be done to hit Ireland's energy targets. Ireland has set very ambitious targets and while we have made some progress, now is the time to take action in the Energy Sector. 2024 needs to be a year for delivery and a year for getting back on track in terms of achieving our targets.

Extron and Esports. The diversity and custom nature of esports systems create unique design approaches. Each system will have varying requirements to address client needs.
