In the coming years, Congress is likely to remain active on issues related to South Sudan. U.S. assistance to South Sudan will be an important issue for Congress in light of the fact that South Sudan is one of the major recipients of U.S. assistance. The Obama Administration has requested \$518 million for FY2012.

Sudan's renewable energy potential. Sudan's vast geographical area, its abundant sunshine, and the high wind speed in some regions mean that the country could create sustainable geothermal, solar, and wind RE production [Citation 44]. The Ministry of Energy and Petroleum stated the government's interest in exploiting additional RE ...
