Solar generator. Solar generator, I live in the mountains with a considerable amount of power outages. I have had this a couple of years in the box, my partner and I started camping again last year. I broke it out and started using it last year. While happy I have this, it does work. However the solar panel on this really bites.

Patriot Solar Generators are manufactured primarily in Texas, underscoring a commitment to domestic production and quality assurance. This choice of location allows for better oversight of the manufacturing process, adherence to stringent quality standards, and alignment with ethical practices.
