

Should you install solar panels on your French property?

The installation of solar panels on your French property is a tempting proposition for many owners, but the rewards are long-term, and it is not without risk. Thermal or Photovoltaic Solar Panels? At the outset it is important to define the term 'solar panel' as there are two types of panels, which are frequently confused with one another.

Are there tax credits for solar panels in France?

Since 1st January 2014 there are no longer any tax credits available for the installation of photovoltaic solar panels. Nevertheless, in France, as in many other countries, there are incentives in place for property owners to sell electricity back into the grid at preferential prices.

Are there grants for solar panels in France?

There are also grants available for energy conservation (but not photovoltaic solar panels) as part of the home improvement grant regime 'MaPrimeRénov' run by Anah, the housing renewal agency, but these are means-tested. How much does it Cost to install Solar Panels in France?

Are solar panels a good investment in France?

As electricity prices continue to soar in France - up 60% in four years - more people are turning towards solar panel kits, which promise to help users save on energy costs and installation prices. The estimated extra cost of electricity in 2024, compared to 2020, is EUR540 per household per year.

How much do solar panels cost in France?

The price is fixed by the government and is currently EUR0.10 per kWh (compared to a regulated price of EUR0.17). To encourage people to install solar panels, and so help meet the nation's renewable energy targets, the government offers a subsidy called prime ßl'investissement.

Why are French solar panels so expensive?

After a decade of steadily falling prices, the cost of solar panels has stabilised or even increased due to supply chain problems between Europe and China, where nearly all of them are made. However, a few French manufacturers are starting production again. If you have problems sourcing panels, it might be an idea to seek them out.
