Summary: Most regions (9) in French Southern Territories lie in the Tundra climate zone (K&#246;ppen: Et). The mean average of annual temperatures range from a high of 26.9&#176;C (80.42&#176;F) in Juan De Nova Island to a low of 0.0&#176;C (0&#176;F) in Glorioso Islands.

The territories (excluding Antarctica) are managed by the French Southern Territories Reserve, which, as here, monitors the nesting of seabirds. Image : Camille Lin This status is all the more special because the TAAFs are governed by the principle of legislative speciality, meaning that French laws do not apply there unless an exception is made.

These connect to two onshore cable circuits measuring 57km, one onshore substation and two 400kV export cable circuits that further connect to the National Grid Bicker Fen onshore substation.. The assets transmit the electricity generated from the 857MW Triton Knoll wind farm onshore.. It is powered by 90 turbines and began operations in January 2022.
