London (AMPYR Distributed Energy) 151 Wardour Street, London, W1F 8WE United Kingdom. Maastricht. Marathonweg 1, 6225 XV Maastricht, Netherlands +31 43 311 1943. New York.

The AMPYR Distributed Energy (ADE) senior leadership team are passionate about making net zero simple. ADE aim to harness the power of onsite renewable generation to transform business energy resilience in the UK and beyond, and over the past six months have secured major channel partnerships and flagship projects around the UK. The ADE value ...

AMPYR Energy Australia is also developing an industry-leading pipeline of renewable energy storage assets designed to increase the penetration of renewable energy in the Australian grid. Battery solutions will serve a number of functions, including providing power in times of low solar and wind generation, providing frequency control and other ...

But the removal of renewable subsidies and the move to "merchant" price exposure means you need a unique kind of partner with the skillset to operate and optimise this "new normal" to benefit from a 100% green energy future. Fortunately, AMPYR is an energy company created specifically to work within a competitive renewables world.

Here's AMPYR Distributed Energy CEO John Behan, CFA discussing the pivotal role that distributed energy and private finance play for businesses in mitigating supply risks and creating long-term certainty. Decarbonising operations and accelerating towards net zero is fast becoming a board-level business priority. Amid energy price volatility, rent hikes, supply chain disruptions ...

The agreement further expands AMPYR Distributed Energy's ambition to become the leading funder of onsite green energy solutions in the UK and across Europe. Miles Thomas, Chief Commercial Officer at ADE, said: " We expect to deploy more than £300m of capital into renewable projects across the UK and Europe. Our focus is on simplifying net zero for ...

AMPYR Distributed Energy (ADE) designs, builds, owns and operates clean energy technologies that help its customers and reduce both their environmental impact and their energy costs.
